WELCOME new tenant.....

Anniston Nutrition Associates

With so many health problems in the United States today related to obesity and diet, the timeliness of this company couldn't be better. Anniston Nutrition Associates offers nutrition counseling. They are concerned with a high level of personal well-being, disease prevention, and the recognition of small, recurring problems or symptoms of discomfort which are often precursors to medical problems. Owners Sabrina Bragg and Tiffany Mitchell are pictured to the left at their grand opening and ribbon cutting ceremony on January 15th.

Tiffany Mitchell prepares to cut the ribbon as Sabrina Bragg (in red) and others look on.

This month begins our 6th year of operations assisting start-up and growing companies! We dedicate this newsletter to our tenants and have a small segment for each. For contact info, please refer to the tenant link on this website. Enjoy!

Recent Events

Thanks to Robert Brodgon of Brodgon & Owens, Inc. located in Anniston, who gave a seminar for our tenants in January about the latest tax law changes to affect small businesses and individuals. This was very timely info as we are now in the midst of tax season.
