

## E-Center News

Year End 2008

### MEET OUR NEW TENANTS

#### Outdoor Media Resources

Outdoor Media Resources (OMR) is a public relations and marketing communications firm specializing in shooting/outdoor sports. Started by Sherry Kerr, they represent many of the leading manufacturers and organizations in the industry.

Shooting/outdoor sports publications are product- and experience driven, so magazine writers and editors often seek the help of press agents for product information and samples to review. Therefore, much of what OMR does involves making products, experiences, information, and other resources available to the media.

#### Calhoun County Times

The *Calhoun County Times* is a bi-monthly start-up newspaper that covers the Calhoun County Alabama region. The paper was started by Jason Adams and Calvin Jones. The first edition came out in August. It was their desire to create a forum that promoted positive stories in our local communities. They also employ two salespeople.

You can pick up your free copy at several locations including Anniston and Oxford City Hall. A complete location listing can be found in their paper. If you would like to advertise with the *Times* please call 831-3110 or email [calhouncountytimes@neaes.org](mailto:calhouncountytimes@neaes.org).

Jason Adams and Joshua Castaneda of *Calhoun County Times*
